EDUCATION

University of Washington <i>Master of Science in Human Centered Design & Engineering</i>	June 2025
Oregon State University <i>Bachelor of Science in Computer Science</i>	June 2021

PORTFOLIO PROJECTS

Civic Permit Tracker <i>React, Node.js, PostgreSQL</i> - Built a searchable dashboard for public permit records with filters for neighborhood, status, reviewer, and expected decision date. - Added project-level deep links so reviewers could share a filtered permit record directly with community partners.	demo.leobanerjee.dev/permits github.com/leobuilds/permit-tracker
Trail Notes Offline <i>Progressive web app</i> - Implemented offline-first trip notes with IndexedDB, service workers, and conflict handling when mobile connectivity returned. - Designed a compact route summary page after usability testing with six hikers.	github.com/leobuilds/trail-notes

EXPERIENCE

Frontend Engineering Intern, BrightCart <i>Remote</i> - Improved loading states and error messages for a merchant analytics portal used by 1,200 monthly active users. - Refactored shared chart components to support keyboard focus, tooltip descriptions, and empty-data states.	June-Sept 2025
UX Research Assistant, UW Civic Design Lab <i>Seattle, WA</i> - Conducted task-based interviews with small business owners navigating city licensing forms. - Synthesized findings into issue labels and design recommendations for a partner engineering team.	Oct 2024-May 2025

SKILLS

React, TypeScript, Node.js, PostgreSQL, Figma, Playwright, accessibility testing, GitHub Actions

SELECTED DESIGN RESEARCH

Small Business Licensing Study <i>UW Civic Design Lab</i> - Interviewed business owners about permit terminology, document upload confusion, and status-notification gaps. - Converted research findings into user stories and acceptance criteria for a partner engineering backlog.	Winter 2025
Portfolio Accessibility Pass <i>Personal site</i> - Audited project pages for heading order, keyboard navigation, color contrast, and descriptive link text. - Added concise case-study summaries so project links were meaningful outside the visual portfolio context.	2026
