

Omar Haddad

omar.haddad@example.com | Brooklyn NY | (347) 555 0191 | github.com/ohaddad

EDUCATION

City College of New York

Expected Dec 2026

B.S. Computer Science

- GPA 3.57; SEEK peer mentor

RELEVANT EXPERIENCE

Data Intern - Community Energy Co-op

May 2025-Aug 2025, Brooklyn, NY

- Cleaned member signup records in Airtable and matched 1,600 accounts against utility-zone eligibility lists.
- Wrote SQL queries for weekly enrollment counts; shared results with outreach staff in Monday standups.

IT Help Desk Assistant

CCNY Student Technology Services | Sept 2024 - present

New York, NY

- Answer walk-up requests for account resets, classroom projector issues, and loaner laptop returns.
- Use a shared ticket queue; sometimes update KB notes when the answer is not already there.

PROJECTS

Budget Splitter

github.com/ohaddad/budget-split

Python / Flask

- Small web app for roommates to upload CSV expenses and split recurring charges by custom percentages.
- Dates are stored as text because the bank export has two date formats.

SKILLS & INTERESTS

Python; SQL; Java; Excel; Arabic fluent; interests: pickup soccer, public libraries

ADDITIONAL CAMPUS WORK

Peer Mentor

SEEK Program, Spring 2025

City College of New York

- Met biweekly with first-year students to review registration steps, tutoring resources, and common technology setup issues.
- Maintained a shared FAQ document for account access, lab hours, and scholarship paperwork deadlines.

Computer Lab Monitor

Fall 2024-Spring 2025

City College of New York

- Checked equipment at opening and closing, logged broken peripherals, and helped students connect to campus printing.
- Noted recurring account-lockout questions for the student technology services knowledge base.

MORE PROJECTS

Subway Delay Notes

class exercise, 2025

SQL / spreadsheet cleanup

- Imported a small public transit CSV and grouped delays by route, day of week, and stated cause.
- Kept the report intentionally simple, with a short README explaining assumptions and missing fields.

COURSEWORK

Data Structures; Discrete Mathematics; Intro to Databases; Technical Writing; Statistics

Small formatting note: this resume intentionally keeps mixed capitalization and uneven date placement for benchmark coverage.
