

LINA CALDER

ENVIRONMENTAL LABORATORY ANALYST

+1 000 000 0000

lina.calder@synthetic.mail

Kansas City, Missouri

SUMMARY

Detail-oriented laboratory analyst with experience in environmental sample testing, data recording, and quality control procedures. Skilled in maintaining accurate documentation, following standardized protocols, and supporting analytical workflows in regulated laboratory settings.

EDUCATION

B.Sc. Environmental Science
Institute of Applied Science, MO
2016 - 2020

SKILLS

- Sample Prep
- Environmental Testing Procedures
- Quality Control Documentation
- Data Logging and Review
- Basic Statistical Calculations
- Laboratory Safety Practices
- Standard Operating Procedures (SOPs)

TOOLS

- Compound and Stereo Microscopy
- Analytical Balances
- Spectrophotometric Instruments
- Laboratory Information Systems (LIS)
- Spreadsheet Software

SOFT SKILLS

- Comfortable working in regulated environments
- Strong attention to detail
- Flexible scheduling availability
- Team player

EXPERIENCE

- 2022 - 2024

CLEARWATER TESTING SERVICES, MO
ENVIRONMENTAL LABORATORY ANALYST
 - Processed environmental samples following internal testing protocols
 - Recorded analytical results and maintained quality control logs
 - Assisted with routine equipment checks and calibration tracking
- 2020 - 2022

BLUEFIELD ANALYSIS GROUP, MO
LABORATORY ASSISTANT
 - Prepared samples for chemical and particulate analysis
 - Organized laboratory records and ensured SOP compliance
 - Supported senior analysts during high-throughput testing periods

PROJECTS

- WATER QUALITY SURVEY SIMULATION**
 - Conducted controlled analysis of synthetic water samples
 - Compiled results into standardized reporting formats
- LABORATORY WORKFLOW REVIEW**
 - Evaluated sample handling steps to reduce processing delays
 - Documented procedural improvements for internal reference
