Summary

UI/UX designer with 7+ years crafting intuitive, accessible digital experiences across mobile, web, and enterprise platforms. Equally comfortable leading early-stage discovery research and delivering pixel-perfect UI ready for handoff.

Experience

MAR 2021 - PRESENT

Lead UX Designer | Fieldstone Digital, San Francisco, CA
Leads UX strategy and execution for a B2B SaaS platform serving 200K+ users, owning the full design process from research through to production handoff. Established the company's first design system, reducing UI inconsistencies across the product by 70% and cutting designer-to-developer handoff time significantly.

JUL 2018 - FEB 2021

UI/UX Designer | Clayburn Apps, Oakland, CA
Designed end-to-end experiences for three consumer mobile apps across iOS and Android, each achieving above 4.5 star ratings in their respective app stores. Collaborated closely with engineering to ensure design feasibility, regularly attending sprint planning and contributing to technical scoping discussions.

AUG 2016 - JUN 2018

Junior UX Designer | Brightwell Agency, San Jose, CA
Supported senior designers on client projects spanning fintech, healthcare, and retail, contributing wireframes, prototypes, and user research synthesis. Conducted moderated usability tests with end users and documented findings in structured reports delivered to client stakeholders. Redesigned the onboarding flow for a healthcare client, reducing drop-off at account creation by 35%.

Certifications

Nielsen Norman Group UX Certifications (2020)
Google UX Design Professional Certificate (2019)
